AMERICAN
BULL RENTALS

TESTIMONIALS

"I was amazed how professional the staff was; all the way from booking until the day of our rental - you guys do a stand-up job. Thank You again!"

Jonathan T., Troy, NY

"The equipment was brand new, exceeding my expectations. The staff was very friendly to work with and was very cooperative with the setup obstacles we had. We look forward to renting again next season!"

Amanda D., Farmingdale, NY

**"We have a 3 Million Dollar
General Liability Insurance Policy
with the Option of Adding you
as an Additional Insured;
meaning our policy becomes your policy"**

OUR MISSION STATEMENT...

Renting a Mechanical Bull is more than just a ride, its an experience. When we started in this business we had one goal in mind - to distinguish ourselves and our services from the competition. Our equipment is all top of the line and brand new - featuring the latest computer based bucking and movement technology which closely resembles that of a real bull. We implore the highest in safety standards - our model bull is known to be the safest mechanical bull in the industry.

Our bulls are all electric / direct driven and computer controlled - allowing a full 360 degree spin and bucking motion. They are safe for both children and adults and have pre-set programs ranging from novice to expert.

Each and every aspect has been thought out - you will notice the difference in the level of professionalism and service that we provide. We guarantee, we are worth every buck!

**WE ARE FULLY TRAINED AND INSURED TO
OPERATE IN NY, NJ, CT and PA.**

WHY DO WE STAND OUT FROM OTHER BULL RENTAL COMPANIES?
